### Profile

I am a passionate and detail-oriented website developer with a strong foundation in web technologies, including React, JavaScript, and modern design practices. Alongside my technical expertise, I am currently pursuing my final year of a Bachelor's degree in Economics at Karachi University. My unique combination of IT skills and economic knowledge enables me to approach projects with a comprehensive perspective, delivering solutions that are not only functional but also strategic. I thrive in collaborative environments, possess strong problem-solving abilities, and am dedicated to continuous learning to excel in the ever-evolving tech industry.
